## » CHALLENGES

Today it is more important than ever to take the future into our own hands

- » society becomes more and more diverse
- » regional and local competition is increasing
- » stimulation of social cohesion becomes an important challenge

Cities and municipalities need

- » provident and flexible planning
- » activating participation
- » realistic answers

Sustainable development

- » entails better planning results
- » supports realization
- » promotes transparency
- » brings broader responsibility
- » strengthens identification
- » encourages social cohesion
- » improves the image of a place

## » PROPOSITION

- » We develop sustainable strategies
- » We work co-operatively
- » We provide advice
- » We analyse

### :: participation

- » Co-operative planning processes
- » Development of playgrounds and open space
- » Activation of target groups
- » Public relations
- » Moderation

### :: development of rural municipalities

- » Spatial analysis and scenarios
- » Local development concepts
- » Center vitalisation
- » Tourism-, open-space- and mobility-concepts

### :: (local) agenda 21

- » future profiles
- » Professional project management
- » Evaluation and sustainability-check
